

COMMUNITY RUGBY LEAGUE

**COVID-19 »»
RETURN
TO PLAY**

JUNE 2020

The priority of the Rugby Football League (RFL) is the Health and Wellbeing of our participants and the general safety of the wider community during the COVID-19 Pandemic.

This COVID-19 Return To Play Plan should be read in conjunction with the following guidance;

- **DCMS accessed [here](#)**
- **Sport England accessed [here](#)**
- **RFL accessed [here](#)**

We will continue to be led by the latest Government advice and progress through the steps will only take place when Government guidance permits.

It is not therefore possible to date when there will be progression through each of the four steps outlined in the plan. As progression is intrinsically linked to Government Alert Levels there remains a possibility we could go backwards as well as forwards through each stage.

CORONAVIRUS GOVERNMENT ALERT LEVELS IN ENGLAND

MINIMISING THE RISK

Individuals must **NOT** attend any Rugby League facility at any stage if in the past 14 days if they:

- Have been unwell or experienced cold and flu like symptoms.
- Have been in contact with a known or suspected case of COVID-19.
- Have experienced respiratory symptoms (even mild).
- Are considered high risk, including the elderly and those with pre-existing medical conditions.

Contact details for all people entering a Rugby League facility must be recorded.

CLEANING AND HYGIENE

All individuals and clubs must:

- Regularly clean and disinfect surfaces and equipment, before and after every training session.
- Ensure that the use of communal facilities such as stands/patios and toilets is limited.
- Wash hands thoroughly and often, with soap and water or an alcohol based sanitiser. Allow for participants to wash hands before and after training sessions .
- Establish a regular monitoring and cleaning routine for essential communal areas such as public toilets.
- Be mindful when sneezing or coughing; cover with your elbow or tissue and turn away from others.
- Display prominent signage at the venue specifically related to Personal Hygiene and Transmission; Cold and Flu Symptoms and Social Distancing.
These can be downloaded [here](#).

SAFEGUARDING

The following areas should be taken into consideration for all Under 18s and Vulnerable Adults and applies to all those working with children in the sport:

- Must continue to comply with RFL Safeguarding Policies and Procedures. [Click here](#).
- Consent must be gained from parents/carers.
- Consideration of the psychological impact that this may have had on children and how coaches/clubs will connect with players before starting back. Outlining what will happen during any activity and provide them with a sense of safety.
- Ensure dialogue with children and young people to make sure they are comfortable and happy to return to Rugby League training.
- Parents/carers should ensure that they are in sight of the session.
- Parents/carers are responsible for the supervising of their children at all times and to reinforce the guidelines for social distancing including themselves.

The RFL are working on additional guidance for Club Welfare Officers and this will be shared as soon as possible with all CWOs.
